Pontone Gallery Presents Cosmos by Chris Rivers at Arlo Wynwood.

Pontone Gallery is proud to announce *Cosmos*, a solo exhibition by celebrated British artist Chris Rivers, hosted at and in partnership with Arlo Wynwood during Miami Art Week. This dynamic series showcases Rivers' extraordinary talent for creating immersive, otherworldly environments through the expressive materiality of paint.

Cosmos invites viewers to journey into ethereal realms where vibrant skies are engulfed in swirling clouds, explosions of galactic debris, and luminous washes of color. Using painterly abstraction, Rivers crafts expansive visions of imagined universes, offering an extraordinary voyage where we are simultaneously lost and found in the vastness of space.

A hallmark of Rivers' work is the inclusion of small, intricately rendered figures—astronauts, cherubs, skeletons—set against the monumental scale of his compositions. These tiny protagonists, swept into fiery vortices of turbulent paint, are metaphors for human vulnerability and resilience. They celebrate the pioneering spirit while reflecting the awe and humility inspired by the infinite cosmos.

Cosmos is a testament to Rivers' dedication to exploring the vastness of the universe and the complexities of the human condition. Each piece pulses with energy and emotion, celebrating the beauty, contradictions, and boundless possibilities of existence.
